Please read the following as you must be aware of and agree to the following:

Second- hand goods

Any items sold as second hand must have been tested before being displayed for sale. If they are not tested then the client must be given the opportunity to test the item. This may involve giving them at least 10 days to test the item.

Fair Trading Act

Goods and or finds the goods faulty or not as represented by the vendor, he/she is either entitled to replacement/exchange or a refund. *(With the proviso that the goods are returned in the same manner as they were sold)*

Copyright Act

Not to offer for sale or demonstrate goods which breach the conditions of the copyright owner. Eg duplicated programs or sell OEM software without the necessary hardware, etc. services offered to the buyer will be fair and merchantable quality. If the customer subsequently

Gaming, Betting and other offences Act

Not knowingly or having reasonable suspicion of that the goods offered are stolen.

Justice Dept

Vendors purchasing second hand goods with the intention of making a profit from the sale must have a Second hand Dealers Licence. If the items were bought for personal use, then a license is not required.

Workplace Health and safety

All electrical goods to be tested prior to market.
Vendors must use the Earth leakage , power boards and leads only supplied by the Sunday Computer Market.
No smoking within the market.
Vendors not to setup closer than 2 metres from a Fire exit.
No overloading of tables.
Heavy items over 10 kilos on floor only unless using a racking system
